

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No 101075672

+

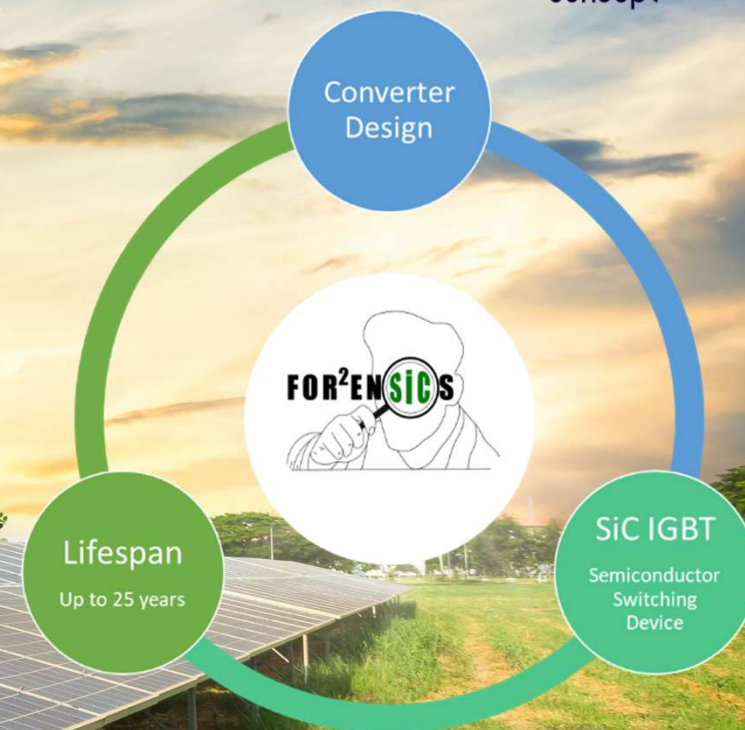

FUTURE ORIENTED RENEWABLE AND RELIABLE ENERGY SiC SOLUTIONS

- Commercial DC/DC converter
- Ultra-high voltage (UHV) SiC based switching devices
- Cost and environmental impact reduction of the fabrication processes.
- Understand reliability issues

- Commercial DC/DC converter.
- Ultra-high voltage (UHV) SiC based switching devices.
- Cost and environmental impact reduction of the fabrication processes.
- Understand reliability issues.

FUTURE ORIENTED RENEWABLE AND RELIABLE ENERGY SiC SOLUTIONS
